

RIOTS MARK PACKING WORKERS STRIKE

SEVEN KNOWN TO BE SHOT AND MANY ARE INJURED AT CHICAGO

Clashes Occur Between Workers, Strike Sympathizers and Police—Legal Proceedings to Restrain Strikers from Interference Are Forecast—Situation in Other Cities

BULLETIN

CHICAGO, Dec. 7.—Governor Small at Waukegan, when advised of the rioting in connection with the strike said that he would call out state troops to preserve order if it should be found necessary.

CHICAGO, Dec. 7.—Legal proceedings to restrain the striking packing house workers from interfering with the operation of packing plants by picketing or molesting employees were either pending or in effect in five cities in the middle west tonight as the third day of the strike came to a close.

Seven men are known to have been shot and a score of men and one woman were injured here tonight in clashes between workers, strike sympathizers and policemen patrolling the stock yards district. The trouble occurred when strike sympathizers accosted the workmen as they left the packing plants.

Missiles were thrown and policemen used their clubs and guns in attempting to disperse the crowds and make arrests. Police reserves were called out to scatter the crowds before the trouble ended.

Three of those shot were reported to be union workmen, two were strike sympathizers, another was employed in a packing plant and the seventh was said to be a strike sympathizer and member of another union. All will recover it was thought by doctors tonight.

FISHING BOAT MABEL SEIZED BY MEXICANS

Vessel and Crew Are Still Being Held It is Said

WASHINGTON, Dec. 7.—The American fishing boat, Mabel, of Los Angeles, was seized early this week about five miles off the Mexican coast by a vessel of the Mexican patrol and another of American registry, but manned by Mexican soldiers, the state department was advised today by American Consul Burdette of Ensenada, Mexico.

The Olga D, the vessel of American registry, the message said, fired with machine guns on the Mabel before it was seized and the crew were then roughly treated and robbed by the men of the Olga D, and the Tecate, of the Mexican patrol. The Americans were charged with carrying contraband arms and munitions, although this was later changed to a charge of illegal fishing.

Boat Not Released

LOS ANGELES, Cal., Dec. 7.—The American fishing boat, Mabel, seized off the coast of lower California last Sunday by the Mexican gunboat, Tecate, has not been released, according to the best information available at the port here today. The Mabel went into Mexican waters with usual United States clearance papers, which, according to Captain Petrich, of another fishing boat, who reported the incident here, were declined recognition by the gunboat crew.

It was understood that the action of the Mexican gunboat was based on the failure of the American fishing boat to get a fishing permit from the Mexican government before operating in Mexican waters.

SAFFORD IS NOW VICE PRESIDENT

Chicago, Dec. 7.—H. R. Safford, assistant to Hale Holden, president of the Chicago, Burlington & Quincy railroad company has been elected a vice president of the company by the board of directors, it was announced tonight. Before naming Mr. Holden's assistant, Safford was assistant regional director for the central western region of the United States railroad administration.

SETTLEMENT OF IRISH QUESTION BRINGS REJOICING

Recalls Memories of Great Figures in the Struggle

(By The Associated Press) LONDON, Dec. 7.—With the tension and anxiety of the past weeks giving place to general rejoicing, this has been a day of all around congratulations of recalling the memories of great figures in the Irish struggle, whose work and sacrifices paved the road to today's accomplishments and of preparations for the necessary formalities for bringing the new Irish free state into being.

No where is there a real idea that anything can now happen to prevent its birth, although, difficult details may have to be encountered.

The two Georges, King George and David Lloyd George, to whom the public accords chief credit for bringing about peace, were photographed together in a smiling group of his majesty's ministers on the terrace of Buckingham palace today.

Downing street, where stands the official residence of the prime minister, was inundated with telegrams of congratulations from all over the world. The premier presented to Lady Greenwood, the wife of Sir Hamar Greenwood, chief secretary of Ireland, the pen with which he signed the Irish treaty, as an "appreciation of your husband's efforts for peace."

One of the first fruits of the peace, probably arranged for at the conference when the treaty was drafted, was the royal proclamation liberating more than 3,000 prisoners interned in Ireland. It is reported also that there may be reconsideration of the sentences imposed on those Irishmen convicted of political crimes.

Plan Treaty Consideration Preparations are afoot in London, Dublin and Belfast for the consideration of the treaty. The king has summoned parliament to meet at Westminster in Dec. 14, to ratify the treaty, and cabinet councils have been summoned at Dublin and Belfast.

Ramon De Valera has as yet given no hint of his attitude but is generally assumed, as the delegates to the London conference were plenipotentiaries that the treaty will be approved, at least in principle. Opposition seems to be expected from the extremists both in Dublin and Belfast, from the extreme Sinn Feiners on account of the terms of the oath of allegiance and from the extreme north of Ireland men, against the provision that Ulster must submit to ratification of her boundaries if she elects to stay outside the settlement.

At James Craig, the Ulster premier in a public speech in the Belfast parliament today, adopted a rather non-committal attitude, guarding himself against any direct opposition to the settlement. But in a statement sent to a political meeting through his wife, he took a sanguine view that peace would soon be achieved and represented as a victory for the freedom of choice accorded her by the treaty. It is believed that Ulster will not at first send representatives to the all-Ireland parliament but will wait to see the effect of the new regime before deciding upon which course to adopt.

PEORIA MAN HEADS ICE CREAM MAKERS Chicago, Dec. 7.—L. W. Russell of Peoria was elected president of the Illinois Association of Ice Cream Manufacturers at the twenty-second annual convention here today.

E. L. Joehl of Alton, was elected treasurer and N. Loewenstein, of Chicago, secretary.

Optimism Prevails In Far East Problem

(By The Associated Press) WASHINGTON, Dec. 7.—Optimism prevailed in both Japanese and Chinese circles tonight over the prospect of a satisfactory settlement of far eastern questions at the Washington conference as a result of meetings at which many of the involved problems were discussed. The important developments of the day included:

Adoption of a resolution involving the preservation of the territorial integrity of China, giving her control all over foreign wireless stations on Chinese soil.

Adoption of a resolution providing for the neutrality of China in future wars to which China is not a party.

Agreement by the Japanese delegation subject in part to approval by Tokyo, that all public property in the Kiao-Chow leasehold of the Shantung province be transferred to China.

A tentative agreement by the Japanese delegation to delay no longer than Saturday further discussion of control of the Kiao-Chow peninsula.

WET NEWSPAPERS ARE OBSTACLE TO LAW ENFORCEMENT

Parker Says They Stand in Way of Prohibition Laws

(By The Associated Press) WASHINGTON, Dec. 7.—"Wet newspapers" were described to the anti-saloon league today as the first obstacle to the complete enforcement of prohibition, in an address by General Superintendent P. A. Baker. Behind this obstacle, he said, are judges, sheriffs, prosecuting attorneys, mayors and city solicitors, who seem not to have learned that the eighth amendment has been adopted.

The chief "domestic offenders" the speaker said, "are a number of federal judges who ought to be impeached for the manner in which they deal with criminals who want to only violate the laws."

Sentences dealt out by these judges in some cases, he added, constitute a greater offense, than that of the bootlegger, who is before the bar.

UNITED STATES IS BLAMED FOR VIENNA RIOTS BY VANDERLIP

Failed to Act on Debt for Wheat to Aid Austria

(By The Associated Press) NEW YORK, Dec. 7.—Frank A. Vanderlip, New York banker, who has just returned from a tour of Europe, today blamed the United States for the recent Vienna riots.

Speaking at a luncheon of the New York Bond Club, he asserted responsibility could be placed directly at the door of this country because of its failure to act on the subordination of a \$24,000,000 plan for aiding Austria over this winter, arranged by the league of nations.

"If cognizance of the situation were taken by congress now," he said, "I believe it would be too late as the plan for aid has grown cold and the riot at the Bristol hotel in Vienna is only the forerunner of worse scenes."

MOB THREATENS NEGRO PRISONERS

DYERSBURG, Tenn., Dec. 7.—A mob of more than 500 men from this city and from New Bern gathered around the jail here tonight with the announced intention of taking five negroes held in connection with the death Monday night of R. L. Burkett, a New Bern stock raiser.

Sheriff H. P. Bryant and a number of citizens addressed the mob and urged dispersal, promising a speedy trial for the negroes. A part of the mob scattered to their homes but a crowd of about 150 remained near the jail and threatened to lynch the negroes.

COUNTRIES WILL COOL OFF BEFORE STARTING FIGHT

Mutual Pledge for Discussion Basis of New Treaty

(By The Associated Press) WASHINGTON, Dec. 7.—A mutual pledge not to go to war over disputes in the Pacific without a "cooling off" period of discussion, is the basis of the new four-power treaty proposed as a substitute for the Anglo-Japanese alliance.

Discussions of the proposal, among the arms' delegates, have reached a well advanced stage, although none of the governments concerned, the United States, Great Britain, Japan and France, has given its final approval.

A suggestion that the Anglo-Japanese pact be revoked, possible controversies over the Pacific islands alone, exclusive of the Hawaiian group and Yap, would come under the provisions of the new agreement. Yap is to be the subject of a separate treaty, negotiations for which are nearing completion and Hawaii is to be considered for purposes of the agreement as part of the American mainland.

The problems of China or other powers of the Asiatic mainland are not to be touched by the proposed treaty, nor will it contain provisions relating to Pacific fortifications or the naval reduction production.

American delegates prefer to say nothing about their conversation.

Any evidence of optimism was given today by President Harding, who declared in a public address that the negotiations promised to "succeed beyond our fondest hopes."

And he predicted that the Washington conference would usher in a new day in international affairs.

No reply from Tokyo regarding the naval reduction plan is now expected until the Japanese government also is ready to make some expression on the four-power proposal.

Both Japanese and Chinese reflected optimism over the Shantung negotiations tonight after another meeting in which Japan offered to give up the public property in the leased territory of Kiao-Chow.

Respect Chinese Neutrality In the committee of the whole of the nine nations, a resolution was adopted during the day, pledging respect for China's neutrality in future wars, and another, restricting the uses of foreign radio facilities on Chinese soil.

There is a general feeling that the subjects under discussion, the Chinese questions, Shantung, the naval ratio and the new "cooling off" treaty, may all move along concurrently, so that none of them reaches definite settlement until all are ready to be lumped in a final program of accomplishment.

Although some of those who are sponsoring the new four-power plan, have gone so far as to prepare a tentative treaty draft, there are several details in which the plenipotentiaries have not yet presented their view in their informal exchanges.

There seems to be a universal confidence, however, that details easily can be adjusted once the principle involved has unanimous acceptance.

This far, Great Britain alone of the four powers has given an "acceptance in principle," but her delegates have called home for further instructions before going into a more definite discussion of a treaty draft.

The Japanese and American delegates, are proceeding slowly, apparently taking into account the special requirements of their respective governmental systems and the French are said to have taken very little part so far in the conversations.

A point not yet entirely settled, is whether, like the Bryan treaties, the new instrument is to exempt from the "cooling off" provision, such controversies as may involve "national honor."

Among the American delegates there is said to be a conviction that such disputes should be subjected to enforced delay and investigation, but rather than all the nations concerned should be left free to act promptly in every case where it was considered that national honor had been affronted.

DECISION IN CASE OF SMALL MAY NOT COME UNTIL AFTER HOLIDAYS

Judge Edwards Tells Counsel if Arguments Are Completed Before Christmas He Will Render Decision the Week Preceding New Years—Governor Indisposed Wednesday

WAUKEGAN, Ill., Dec. 7.—Governor Small and Vernon Curtis, Grant Park, Ill. banker, will not know until the week after Christmas whether they must face trial on charges of embezzling state funds, conspiracy and operating a confidence game.

Judge Claire C. Edwards told lawyers for the state and defense today that if they would complete their arguments before Christmas he would render his decision in the week preceding New Year's.

In the event the indictments, or any part of them, should be upheld, the court has indicated that he will be ready to proceed with the trial January 3, when a regular jury panel will report to the court.

Attorneys for the governor will complete their arguments on the motions to quash the indictments tomorrow night. The state, which has asked for four or five days to answer, will begin Thursday of next week. The defense will then take probably two days for rebuttal. This will bring the arguments up to a few days before Christmas.

C. C. LeForge, of Decatur, and Alexander F. Beaubien of Waukegan attacked the conspiracy and embezzlement indictments today as insufficient, vague and uncertain and elided a long list of court decisions in support of their contention. Mr. Beaubien will complete his argument tomorrow and be followed by Werner Schroeder of Springfield.

The attack centered on the claim that the indictments place the State of Illinois in the position of participating in an alleged illegal transaction and that there is no claim in them that Governor Small, as state treasurer violated any law or withdrew money from the state treasury in violation of the statutes regulating such withdrawals.

Mr. LeForge declared the charge that the state had been defrauded and money obtained from the treasury by false pretenses would not stand because the treasurer could not make false representations to himself to obtain money illegally for himself.

"For the very inherent defects that live in this indictment for conspiracy and confidence game it cannot survive," Mr. LeForge said. "It seems to me that quite independent of the personality of this defendant, the governor of the state of Illinois that we are brought with very considerable emphasis to a realization of the matters and things which are material to everyone in the trial of this case."

"This defendant stands today charged with a crime. He stands charged with a crime by which admittedly on the face of this record it is disclosed that the grand jury which returned his indictment was selected by three persons whose right to so act is not even shown; that the special return of the grand jury is illegal and flies in the face of the federal and state constitutions—it does violate these constitutions, perhaps."

"And it is respectfully submitted that this man has been deprived of due process of law; that process our courts have so repeatedly defined and held steadfastly to the purpose and spirit of. It violates the right of this man to a fair and impartial trial and it doesn't answer to say that he has his preemptory challenges and an impartial trial, because emanating from the prosecution in this case grows the spirit and tendency which may have an influence to the contrary."

Waukegan continued today to display slight in trust in the presence of the governor and in the hearing. Barely fifty spectators appeared in court in the morning and when it was discovered that the hearing would be delayed while the court took up three divorce cases many of the visitors drifted away.

The governor spent most of the morning at his hotel transacting state business and after lunch complained of a slight indisposition and did not put in an appearance until late in the afternoon leaving again after a short interval. He was accompanied to court again by Mrs. Small and their son, Leslie, of Kankakee. Mrs. Vernon Curtis spent the entire day in court with her husband.

Mr. and Mrs. George Bailey of Ashland were shopping in Jacksonville yesterday.

The baseball players have made very little comment on the finding of Commissioner Landis assessing penalties against Babe Ruth and his associates who violated the rules. Perhaps nothing has been said for the very good reason that there is not much to say with safety.

It is hard to understand why there should be any opposition or animosity of the free clinics Dr. Grenz, famous Austrian surgeon, has conducted in the east. The surgeon says that opposition from some quarters has almost made him determine to return to his native country and to give up and call a failure his unique plan of repaying America for the kindness shown to the surviving children of Austria.

The Odd Fellows of Illinois did well in selecting Carl H. Weber for this city for the high office of grand junior warden. Mr. Weber is genuinely interested in the order and his entire life exemplifies its high principles of conduct. Mr. Weber's election to this office will mean still further prominence in the order of Odd Fellows and he is entirely worthy of the honor.

Why do girls listen to Dangerous Proposals?

In some other cities zoning and planning commissions are working with good results. The basic thought behind such commissions is that in this way citizens work with city officials in both creating public sentiment. That has been the effort here in Jacksonville for many months past, without the creation of the commissions which are now in prospect.

Secretary Hoover sums up the situation by saying that the past year was one of deflation and that 1922 can be looked upon as a period of recuperation. The latter word has a much pleasanter sound and somehow it carries more of a meaning, coming from Secretary Hoover than would be the case if spoken by some other man, possibly prominent but carrying propaganda seeking to create better business conditions by psychological methods.

Days of tiresome toil will be necessary in securing the jury for the Chicago bandit now on trial. If the state case at Waukegan gets to a point where a jury must be selected it will not doubt require day on day to find twelve men who both sides can determine upon as qualified because of their lack of knowledge of the case. These are only two instances to help along the proof that something is wrong with the American jury system. It's easy enough to point to the defects but a more difficult matter to suggest any adequate remedy.

THE DAY OF GOOD ROADS
Occasionally one still finds a farmer who believes that hard roads will be a detriment instead of a blessing, or at least that the cost is out of line with the resulting benefits. But the great majority agree with the residents of the cities that the development of a hard road system is going to be beneficial to all the people. The cost of transportation will be lowered and these costs are really figured as a part of present production expenses. Distances will be lessened by the hard road program and city and country communities will be brought into closer relationships.

Jacksonville has thru its few miles of adjacent hard roads known for years something of the possibilities of a road system. Now will come a still more intimate knowledge by the completion of the road to Arnold and the knowledge which comes with it that this is merely a link in a large mileage scheduled for completion in this county within another year.

The better the roads the better

he conditions, and the development of the hard road program in this country is one of the best of numerous things that are happening to Jacksonville these days.

NEW TYPE OF CAR IS DESIGNED FOR ROADS

Gasoline Driven Cars May Solve Transportation Problems for Branch Lines.

Postured by the executives of the Northern Pacific railroad in co-operation with W. F. Sailor of the International Motor Company, several trial trips were recently made of a new type of passenger carrier which, it is said, may revolutionize rail transportation on branch line runs.

The vehicle which is arousing such unusual interest among leading railroad officials of the country is a specially designed gasoline rail car mounted on steel flange wheels so that it can be operated on standard railroad tracks.

The experimental trips were made over the Northern Pacific route from St. Paul to White Bear, a distance of about 12 miles. This run includes a steep and winding grade almost two miles long, one of the most severe in the north.

When it is understood that two locomotives are required to pull a passenger train up this ascent, some idea of the severity of the test may be ascertained.

Twenty three passengers were comfortably carried on the first trip, although the rated capacity of this motorized rail car is seventeen persons in addition to a baggage compartment. The rail car, watched by a long line of autoists who had assembled along the route, quickly climbed the steep, curved incline, and completed the run of 12 miles to the entire satisfaction of every one of the railroad officials.

After enthusiastically discussing the performance they had just witnessed, their unanimous opinion was that the experiment proved beyond a doubt that motorized carriers, properly equipped, can be used to profitable advantage in certain phases of railroad service.

When a second trip over the same route was made a few days later, the distance was covered in 29 1/2 minutes, only 4 1/2 minutes longer than it takes the Duluth Limited to make this run. Obviously, a small motor bus could not be expected to save time when competing with steam equipment, yet the railroad men who have carefully considered operating costs strongly believe that gasoline rail cars will effect a most vitally necessary saving—that of operating expense. Moreover, even under the most unfavorable conditions for running a gasoline car, it has been found that the costs are much lower than those of steam operated equipment. This saving in operating costs, combined with the comparatively small capital investment required, promises to be the salvation of many branch lines, some of which have had to discontinue service or will soon be compelled to do so because the expense of operating steam equipment far exceeds the revenues obtained for the service rendered.

In the east, the New York, New Haven & Hartford R. R. will soon operate three such rail cars. Many of the smaller railroads, such as the Narragansett Pier R. R., Abbeville & Rockfish R. R., Sewell Valley R. R. and Stone Harbor R. R. have been successfully using motor equipment for some time.

ATTENTION, K. of C. Regular meeting tonight. Entertainment and music.

ALL READY FOR HARD ROAD OPENING TODAY

Business Men Will Join in Observation Program Today—Parade of Automobiles Will Move at 1:30 p. m.

Arrangements are now complete for the opening of the new hard road today.

Cars will assemble on the north-west corner of the square at 1:30 p. m. and will be led by Chamber of Commerce President R. Y. Rowe to the entrance of the new road on Morton avenue. Following Mr. Rowe's car will be two cars furnished by the State hospital in which the Illinois college band will be carried. After the band will be the cars of business men and the citizens.

The place of the celebration will be decorated in an appropriate manner and upon the arrival of the delegation the road will be formally opened by Mr. Rowe with a short address.

A large white ribbon will be stretched across the road which when untied will officially open Jacksonville's latest improvement. Mr. Rowe will also represent Mayor Crabtree at the ceremony as Mr. Crabtree is in Chicago on business.

A trip will then be made by the delegation to Arnold where several musical selections will be given before the return trip.

Contractor Loneragan is giving his hearty co-operation to this celebration and will have his entire force on hand to greet the visitors. He has also made provisions at Arnold for the turning of the cars when they arrive.

You would, however, discover the real reason why clothes made by ALBERT RENNER last so long, maintain their "hang" and give such supreme satisfaction.
You would find that the workmanship in ALBERT RENNER clothes is just as fine behind the seams as it appears from the outside!
A suit of clothes, like a building, must have a proper foundation.
It will be a pleasure to display evidences of your workmanship to you. Won't you come in?
These are genuine pre-war qualities at pre-war prices—all new goods, too—cloth made to wear; not a cheap, shoddy Cassimere made to sell. This "Christmas Special" is bound to please you.

MURRAYVILLE RESIDENT
OBSERVES BIRTHDAY

The eighty-second birthday of Thomas Wilson was recently observed by a family gathering at his home in Murrayville. The company of relatives and friends, sixty-five in number, thoroughly enjoyed the occasion and made Mr. Wilson feel that he may be spared to observe many more birthday anniversaries.

Altho far advanced in years, Mr. Wilson is still vigorous and is able to attend to his business affairs. Among those present were Oliver Wilson and children, Nor-tonville; John Wilson and family, Jonas Wilson and family, of Jacksonville; Frank Wilson and family, Franklin; Corbett Wilson, Grand Rapids, Mich.; Mrs. A. T. Story and Mrs. C. A. Rousey and family; Murrayville; Vernon Wilson and family and Mrs. Elzie Wilson and family, Jacksonville. Other members of the company were: Mrs. Emory Thady, Mrs. Loe Moeller, James Green and family; Peter Wilson and family; Mrs. Harvey Hayes, Harry Tarzwell, Mr. and Mrs. J. E. Thompson.

Harding Recommends Bureau for Development
(By The Associated Press)
WASHINGTON, Dec. 7.—President Harding transmitted to congress today the annual report of the National Advisory Committee for Aeronautics with the recommendation that a bureau for the regulation and development of air navigation be established in the department of commerce as proposed by the committee.
"I think there can be no doubt," the president stated in a message which accompanied the report, "that the development of the aviation will become of great importance for the purposes of commerce as well as national defense."
While the material progress in air craft has been remarkable the use has not as yet been extensively developed in America. This has been due in the main to lack of wise and necessary legislation.
He urged congress to heed the committee's recommendation to establish a bureau in the department of commerce for the regulation and development of air navigation.

(By The Associated Press)
WASHINGTON, Dec. 7.—Election of class C directors of the twelve federal reserve banks for the term from Jan. 1, 1922, to Dec. 31, 1924, was announced today by the federal reserve board.
These directors who are required by law to be persons not connected with the banks, are: Boston, Allen Hollis, re-elected. New York, Clarence Mott Whitney. Philadelphia, Charles C. Harrison, re-elected. Cleveland, W. W. Knight, of Toledo. Richmond, Frederick A. Delano, re-elected. Atlanta, Lindsey Hopkins. Chicago, William A. Heath, re-elected. St. Louis, W. Mc C. Martin, re-elected. Minneapolis, Homer Clark of St. Paul. Kansas City, Heber Hoard, Cental City, Ia. Dallas, W. B. Newsome, re-elected. San Francisco, W. N. Moore.
The federal reserve board at the same time announced the re-appointment of all chairman and federal reserve agents at the twelve banks for the year 1922.

SOCIAL SERVICE TACKLES BIG JOB

Building Up Families That Have Gone on Rocks Is Hard Work—Head of Jewish Bureau in Chicago Tells Welfare Conference.
PEORIA, Ill.—(By A. P.)—Building up families that in one way or another have gone on the rocks and some under the care of the social worker is one of the most difficult jobs in the whole field of social work, but progress is being made, M. J. Karl, superintendent of the Jewish Social Service Bureau of Chicago, told the state welfare conference here recently.
Here are some of the points he made:
"The task requires educating the parents as well as the children. But hopes of the most of these family situations lies in the children."
"We are still very much in the dark with regard to that which we call human nature. No stethoscope nor fluoroscope nor even X-ray have been invented as yet to tell the student exactly what is going on in a given situation or just what it is that motivates a given human being."
"Social workers are frequently guilty of planning for instead of with a family. In order that we be successful in our treatment we must be careful to draw from our client the plan which we would make."
"Under no circumstances should our plan be superimposed on our subject; unless we are to tell him openly that he has made a failure of it and that he must turn the matter over to us. It is permissible and may be used, but should be used conscientiously."
"We must exercise extreme caution not to destroy the ideals already existing. We should view our role as that of a gardener who plucks the thistle and plants a flower wherever a flower would grow."

BYRON RELIC WILL BE OFFERED FOR SALE
London.—(By A. P.)—An interesting Byron relic will soon be offered for sale at auction. This is the famous half of a human skull, discovered 20 years ago, finished with a silver band inscribed "skull drinking cup used by Lord Byron at Newstead Abbey."
While living at the Abbey, Byron found a human skull of peculiar whiteness which he concluded had belonged to a friar. He sent the skull to London with orders to cut it in half and to have one half elegantly mounted.
On the return of the cup, Byron instituted a new order at the Abbey and constituted himself "Abbott of the Skull." Members of the order were provided with black gowns and when a chapter was held, the "Skull Cup" was filled with claret and handed round to the members of the order.

PAYS TRIBUTE TO AMERICAN ARCHITECTURE
Liverpool.—(By A. P.)—Professor C. E. Rieu, of the School of Architecture which he said was purer and more stable than that of England. "America does not seem to be swept as our country has been by fashions set by individual contemporary architects," he said. "American architecture has been in the last years less self-sufficient and less insular than British."
The American architect deliberately sought his inspiration in the work of the Italian, French and Spanish Renaissance. Professor Rieu said. One had no fear that Fifth Avenue would at any moment be spalled by a glazed terracotta building with grotesque German detail, yet who could say the same of Strand, or any leading London thoroughfare.

CARPENTER WILL COME IN FEBRUARY
New York, Dec. 7.—Georges Carpenter, world's light heavy-weight champion is expected to arrive in America early in February to being training for his bout with Tom Gibbons of St. Paul, scheduled for next March. Promoter Tex Rickard was informed today. Carpenter was reported as planning to cross the ocean immediately after his bout with George Cook, Australian heavyweight, in London, January 12. He is to meet Gibbons in New York.

DEMOCRATS PLAN FULL TICKET IN THE STATE OF MICHIGAN

Believe They Have Good Chance to Win in Next Election
(By The Associated Press)
LANSING, Michigan, Dec. 7.—Plans for placing a complete ticket in the field at the next state election, in the hope of gaining at least a minority representation in the legislature were discussed here today at a meeting of the Democratic state central committee. The Michigan legislature is now composed entirely of Republicans. Resolution adopted by the committee condemned the Republican administration as a no man government and termed the administrative board act as "the most vicious piece of legislation ever enacted in Michigan."
Under Republican rule the resolutions declared, the cost of running the state government had increased 300 per cent since the last Democratic administration, that of Governor W. N. Ferris.
Mr. Ferris and William A. Comstock, state chairman addressed the meeting. Mr. Comstock announced he planned to visit every county in the state within the next few months to build up active county organizations for next year's election. The work already has been started in 24 counties, he said.

KNOX DEBATERS WILL ALSO MAKE TRIP EAST

Will Debate With Bowdoin College in March—Will Also Meet Number of Western Colleges.
GALESBURG, Ill.—(By A. P.)—Knox college, which recently announced an Eastern basketball trip this winter, will also clash with the east in debate. Bowdoin college of Maine, will meet Knox at Galesburg in March.
Announced by Prof. Warren A. Shaw, professor of public speaking.
In addition to Knox, Bowdoin will debate with Beloit, Ripon, several colleges in Ohio and Indiana. The exact dates and the question to be debated have not been definitely settled. A conference of delegates from the colleges concerned will be held in New York City on Dec. 10. Willard Dean will be the Knox representative.
Knox will also take part in a quadrangular debate with Beloit, Carleton and Grinnell. This will be held March 10, when Knox will go to Beloit, Carleton to Knox, Beloit to Grinnell and Grinnell to Carleton.
Knox will also debate Grinnell in a dual meet on Feb. 17. This will be an open forum, no decision debate, its purpose being to arouse public interest in the subject and to develop opinion on the merits of the debating. Questions may be sent to the platform by any member of the audience and debaters will endeavor to answer them, after their formal presentation. The subject of both these latter debates will be unemployment insurance.
Prof. Shaw reports that Knox has an unusual number of good prospects. Twenty-five men are out at present in the preliminaries and it is probable that a squad of fifteen men will be retained.

Does More For Less
THAT the Ford One-ton truck does more for the farmer or the merchant is proved by the great number of them now in daily use,—that it does this at less cost is shown by the actual figures—a smaller first cost and a much lower expense for operation and upkeep.
The Ford One-ton Truck has proved a great money saver, as well as a labor saver. It has solved the problems of economic transportation between the farm and the city.
The Ford One-ton truck has all the merits of the Ford car, with added strength for greater capacity. The worm drive of aluminum bronze gives unusual and positive power at a very low cost.
Come in and let us show you how the Ford One-ton Truck will help you and save you money in your work.
IMPORTANT
We are prepared to furnish the Ford Truck equipped either with Standard or Special Gearing. The Standard Gearing gives the truck a maximum of power. The Special Gearing increases the speed of the truck from five to seven miles an hour, converting it into a Fast Delivery Car.

backsheesh has stirred even the
Tahitian native to get up and
bustle.

It has not been one "grand
sweet song" for the director.
There has been no little difficulty
in getting the native "supers"
to take their parts seriously. When
the big aeroplane engine started
the hurricane which was to sweep
the native village to the four
quarters of the compass, the in-
habitants, instead of rushing from
their tottering huts and register-
ing consternation, stood around in
groups laughing at the artificial
destruction and incidentally spoil-
ing several hundred feet of val-
uable film. Nor has it been easy
to induce pious church members
(whose ancestors repudiated
heathenism over a hundred years
ago) to bow down with convincing
abandon to the big paper-mache
idol (made in the U. S. A.) set up
before the mystic grotto—espe-
cially with their friends and rela-
tives standing about making ri-
bald remarks.

It has, nevertheless, been a joy-
ous month for the islanders. They
have long been ardent devotees of
the moving picture theater; and
this opportunity of witnessing the
technique of the making of pic-
tures has afforded them much de-
light.

CHRISTIANITY WILL BRING WORLD PEACE

(By The Associated Press)
CHICAGO, Dec. 7.—Only by
educating the people of the world
to Christianity and not by treat-
ies alone, may international peace
be assured, Dr. Harris F. Rail, of
Evanston, declared in an address
before the Chicago Area Conven-
tion of the Methodist Episcopal
church today.

"Christ should be recognized as
the silent but potent factor in our
business," Dr. J. P. Jenkins of St.
Paul said in an address. "The
Jew recognized divine ownership
and his stewardship by the pay-
ment of tithes. The Christian
law of finance is not on such a
legalistic basis but makes the
tithe the minimum."

BANDITS KILL POLICE OFFICER

(By The Associated Press)
GRAND RAPIDS, Mich., Dec. 7.
—One police officer was killed
and another seriously wounded
tonight by bandits who this after-
noon held up and robbed a branch
bank of the Grand Rapids Savings
Bank.

Special Officer George Brand-
ma, 35, was instantly killed and
Detective Samuel Slater may not
recover fro bullet wounds he
received when they were follow-
ing up what they believed to be a
false report of the presence of
the bandits, attempted to enter a
house which had been rented last
Saturday.

Slater, as he opened the door,
was shot thru the stomach. Draw-
ing his revolver, Brandma rushed
in and three bullets were sent in-
to his body. Slater staggered
across the street where a neigh-
bor was telephoning police head-
quarters for help. He was taken
to a hospital and following an
operation tonight, it was stated
his condition is serious.

The bandits immediately fol-
lowing the shooting, fled in two
automobiles. It is stated a two-
man was with them. In the house
officers found a dinner being pre-
pared and recovered \$800 of the
cash and more than \$14,000 in
bonds taken from the bank.

The bank officials place their
loss at more than \$11,000.

M'DEVITT QUILTS AT NORTHWESTERN

Chicago, Dec. 7.—Elmer W.
McDevitt, Northwestern head foot-
ball coach, left today for his home
at Duluth, Minn., after it had been
definitely settled that he would
not return to direct the North-
western football squad next ses-
son.

Mr. McDevitt will resume the
practice of law at Duluth.

For the past two years, Mr. Mc-
Devitt has spent the three months
of the football season and a few
weeks during spring practice in
Evanston. Sentiment of alumni
and undergraduate bodies favored
the selection of a coach who would
be at the university at least nine
months of the year.

Knute Rucke, football coach
at Notre Dame, is said to be under
consideration as his successor.

PREDICTED DEATH OF KENNEDY

LOS ANGELES, Cal., Dec. 7.—
A conversation in a beauty par-
lor, involving a prediction of the
death of J. Belton Kennedy, was
the major topic of testimony to-
day in the trial of Arthur O.
Burch, accused of murdering
Kennedy. The conversation was
described by Mrs. Mary A. Balliff
of Los Angeles, who said Mrs.
Madalynne Obenchain, accused
jointly with Burch, had made the
prediction of Kennedy's death.
Long cross-examination failed to
change her story.

the Removal of
Tonsils

(By The Associated Press)
CHICAGO, Dec. 7.—Radium
and the X-ray can supplant the
knife and save thousands of peo-
ple every year from the horror of
having their tonsils removed, Dr.
A. J. Pacini, chief of the X-ray
section of the United States pub-
lic health service asserted at the
meeting of the Radiological Soci-
ety of America here today.

"The germs are gradually killed
and the organs return to their
natural size under the treatment,"
he said. "There is no preliminary
operation necessary and the whole
process is painless. The best re-
sults are obtained when the violet
ray is used with the X-ray."

Clear photographs of internal
disorders are made by an instru-
ment, which attracted wide atten-
tion at the meeting today. The ap-
pliance was invented by Dr. Hol-
lis E. Potter of Chicago, who re-
ceived a gold medal from the so-
ciety tonight.

More effectual treatment of in-
ternal disease is made possible

ILLINOIS COLLEGE WILL OPEN SEASON

Local School Will Start Basket-
ball Season With Lincoln Col-
lege—Candidates Have Been
Working Since Monday.

"The local" basketball season
will open Saturday night when
Illinois college meets Lincoln col-
lege on the David Prince gymna-
sium floor. The game will be cal-
led at 7:45 in order to permit the
Lincoln college team to catch the
9:15 east bound Wabash train.
H. V. Millard, a former Illinois
Wesleyan player, will officiate.

As Lincoln college did not play
a Thanksgiving Day football game
the Lincoln basketball men have
gotten away to a flying start and
will have a considerable advan-
tage over the Illinois players in
physical condition. Several of
the Illinois men are football play-
ers and come from the gridiron to
the basketball court in superb
physical shape. However, there
is a vast difference between being
fit for football and being fit for
basketball. A football man can go,
at the end of the outdoor season,
on the basketball floor and he will
find that although he is in tip-top
trim he is not in shape to play
fast basketball for more than ten
minutes. Basketball requires a
tremendous amount of endurance
and a player can fit himself for
the gruelling contest only by reg-
ular daily practice on the gymna-
sium floor.

Lincoln will also have had the
advantage of having played two
games previous to the Saturday
night clash. Last Saturday night
they could find no college team
ready to play so they trounced the
Stanford Independents by the
healthy margin of 37 to 24. On
Friday night of this week they
meet Eureka college on the Lincoln
floor and next day come to Jack-
sonville for the Saturday night
fight.

WHITE HALL LODGE ELECTED OFFICERS
I. O. O. F., Names Ira Wilkinson as Noble Grand—Other White Hall News Notes of Interest.

White Hall, Dec. 7.—Benevolent subordinate lodge, I. O. O. F., elected the following officers Monday night: Noble Grand, Ira Wilkinson; Vice grand, Glenn Vandave; Secretary, J. D. Rowe; Treasurer, L. F. Dawdy; Janitor, H. L. Dugger; Trustees, W. A. Wigginton, F. R. Stubblefield, T. M. English, George Halbert, H. L. Dugger. The installation will be held the first meeting in January. Cecil Vanbeber was given the initiatory degree. Next Monday night the December meeting of the 75th district will be held here when W. E. Reeve, of Roodhouse will be inducted as the newly commissioned district deputy. A school of instruction under the existing district deputy, J. D. Rowe, will be held at the same time. The 75th district deputy will be held at the same time. The 75th district deputy will be held at the same time.

A final quietus was placed on the proposition of erecting a high school in combination with the Roodhouse district, at a mass meeting in the high school assembly room Monday evening. The attendance was much larger than the previous mass meeting, but the enthusiasm was akin to a first class funeral. A J. Barnett presided.

Attorney W. L. Winn explained that the assessed value of property in district 66, White Hall, is \$1,342,000, and discussed the possibility of the erection of a high school building costing, including heating plant and equipment, \$115,000. He explained the proposal to unite with the Roodhouse district and erect a building midway between the two cities at a total cost of \$150,000, suggesting the Dawson place as the location, which in all probability would open a new residence section, and might lead the two cities to become one community.

In view of the present financial stringency, the most feasible plan was advocated by H. W. Shirley, secretary of the board of education, who believes that a new high school building should be built in section gradually thru a term of years, thus making the burden on the taxpayers lighter. He disapproved of any movement to issue serial bonds, as he did not believe they would meet with ready sale. He strongly advocated the difference in the value of taxable property in the districts of Roodhouse and White Hall, White Hall having a property of \$1,342,000 and Roodhouse \$312,000, showing that White Hall in the event of a union school would have to bear the chief financial weight of erection because of the great difference in the property valuation of the two districts. The present tax levy in White Hall is \$2.27 per valuation. The tax rate required to provide for \$60,000 in building bonds to cover twenty years would be an increase of about 38c per hundred over the present tax rate, or \$2.65 per \$100. Mr. Shirley's figures were displayed on the blackboard as a clear solution of the problem in a financial way.

Other speakers were Louis Lowenstein, H. E. Bell, H. O. Tunison, E. H. Wendell and C. H. Giller. None favored a combination with Roodhouse, Tunison saying, "When the paving is completed between the two cities, the highway will be as dangerous to footmen as are the railroads."

The board of education will submit the issues of plans, location, costs and other details at an election to be held at an early date.

Virgil Thirman, county president, organized the third district of the Greene County Sunday School association at Greenfield Sunday afternoon, the meeting being held in the M. E. church.

The third district comprises the townships of Rockbridge, Wrights and Rubicon. This completes the organization in Greene county. David Reynolds, of Berdan, is county secretary. Those officers were elected at the annual meeting this Fall, and they have the Sunday school organization of the county already in a condition that has never been excelled in the long history of the association.

THE WOODSON WOMAN'S CLUB will give a chicken pie and plum pudding supper December 8 for the benefit of the Anti-Tuberculosis Sanatorium. Price 50c. Music by Woodson band.

THE CONFERENCE FOR THE LIMITATION OF ARMAMENTS
By Guy L. Shaw
Member of Congress

Upon the shoulders of three men rests the success of the conference. Strictly speaking, upon the shoulders of one man the outcome rests. That man, Admiral Baron Kato, minister of the navy of Japan, chairman of the Japanese delegation to the conference. He, in turn, is subject to the influence of the powers in Japan but Admiral Kato must say the word that all the world is waiting for.

There may be some technical change that can be made in the present proposals for the relative reduction of naval armament by the three great powers, but Secretary Hughes asserts that the time for argument is past.

The ratio, 5-5-3, meaning five capital ships for England and the United States to three for Japan is so invulnerable in accuracy of calculation, according to all naval experts, that, without a violation of the fundamental principle of the conference, it cannot be changed.

This ratio was based on the present tonnage, built and building, of the three nations. Japan wishes now to base the ratio on what she considers necessary to her security. If this view were used as premises from which to build, the ratio of naval reduction, neither England nor the United States would consent to the proposed sixty per cent ratio.

The matter of naval bases, Japanese and American, in the Pacific, to which reference was made last week, is developing more and more into a point which troubles Japan. Her attitude seems to be one of distrust, though I believe she does not mean to hold such a disposition toward us. Perhaps, she is only wary and that attitude cannot be construed against her at present. This we know, everything in the minds of all the powers must come out, nothing must be held in "the back of their minds," that does not have full discussion.

I personally should not be surprised if Japan bases her acceptance of the proposed 5-5-3 ratio on some point connected with fortification in the Pacific. The British delegation has not yet made a formal statement as to her acceptance of the 5-5-3 ratio, but it has been understood throughout the discussion that England agrees wholly with the American figures. Japan cannot afford to withhold her acceptance in the face of world opinion.

The delegation and all the important men in Washington are being flooded with communications from individuals and societies all over the world, urging favorable action on the questions before the conference. Literally tons of mail are pouring into the capital.

Great satisfaction is being expressed over the fact that Mr. Hughes and Mr. Balfour have brought Japan and China together in an open discussion of the Shantung question. Heretofore it has been impossible to bring about this much-to-be-desired plan.

One decision important to China is that of the agreement of nine powers to give extra territorial rights in China. Even foreign courts will be withdrawn if the commission appointed to investigate the adequacy of the Chinese courts, makes a favorable report.

Work of the conference is still being done in committees, some of them having two and three meetings a day.

Though in a sense it does not seem germane to a conference on the limitation of armament, nevertheless a committee of experts is looking into the matter of rules for future wars, striving to determine more humane practices.

The control of new agencies of war, in the event that war should come, was originally a part of the agenda for the conference. Particularly is it desirable to control the use of poison gasses, deadly germs, bombs, submarines and airships. But there are no "humane methods." God forbid that ever in this world again we should have to send our boys as targets for those deadly gasses, for those insidious, damnable submarines, for those death dealing bombs from the air.

I saw one letter a mother had received from her boy—a big, fine youth who had never known he had a nerve in his body, in which he said it took all his will power to keep from rearing the gas mask from his face the first time they put them on and had orders to march several miles, the sensation of suffocation was so unbearable. They had also to enter poison gas-filled rooms to test the masks. And all this nothing, absolutely nothing, to the awful sensation of being gassed.

I know that every one of you are praying with us that this holy Christmas time may usher in a lasting, "peace on earth, good will to men."

WILL ADDRESS TEACHERS' INSTITUTE
Miss Nina Streeter, head of the nutrition department of the central division of the American Red Cross, will address the teachers' institute here, on the subject of nutrition. She will appear before the institute Friday afternoon.

Miss Streeter is a speaker of splendid ability, and is an expert in her line. The teachers will be fortunate to hear such a speaker.

Mrs. Charles Bailey and daughter, Eula, of Ashland are visiting in the city the guest of Mrs. Ada Ghorridge on South East street.

K. C. BASKET TOSSERS WILL OPEN SEASON
Play Virginia Independents Friday Evening—Have Large Number of Men Out for Team.

The Knights of Columbus basketball team will open its season at liberty hall Friday evening with the Virginia Independents as opponents.

Last season the Knights had a strong aggregation and gave local fans some excellent contests. Practically all of the old men are back and there are several new men trying out for places on the squad.

The Virginia team is considered one of the strongest in this section of the state. It has several men who were last season members of the American Legion team, of that city. Recently the team defeated the strong Chandlerville team.

Among its players are Meade, Zimmerman and others who are well known here, having been members of the Virginia high school team and noted for their athletic ability in other branches of sport, aside from basketball.

The game will be called at 8 o'clock. The Knights five will be selected from the following players: Zell, Carson, Clancy, Cain, Wolfe, Devlin, Mernin, Dowling, Hosp, Sellers, Sauer, Williams and Sumpter.

Tickets now on sale at Brown's Music Store for Dr. E. A. Steiner's lecture Saturday, December 10, 3 p. m., at Music Hall, I. W. C. Price, 50c.

GRADE CARDS TO BE GIVEN OUT MONDAY
It was announced recently in the columns of the Journal that the grade cards at the high school were to have been given out yesterday. At the time of the announcement this was the supposition, but later arrangements have been made so they will not be distributed until Monday.

Miss Elizabeth Boruff and Miss Virginia Cumming of the girls' club of the high school, made announcement of "The Rivals," to be given Dec. 13, in the high school auditorium, to the Illinois student body during the chapel exercises yesterday morning. As previously mentioned, outside reading credit will be given to the high school students for attending this performance. With the above condition and with the backing that the girls' club is giving it, "The Rivals" is sure to be well attended.

WILL INVITE OTHER ORGANIZATIONS
Wednesday morning's Journal contained an account of the big box social being planned by the Grace church Epworth league. The account stated that the Grace league was inviting the Durbin and Ebenezer leagues, Murrayville, Alexander, Illinois college, Illinois Woman's college, Centenary and Brooklyn Epworth leagues, should have been included.

All of these organizations will have some part in the entertainment. The Illinois Woman's college is sending a ukelele quartet, and many other peppy and amusing stunts will be on the program. Prizes will be given for the best costumed boy and for the best girl, and remember, this is to be an old fashioned affair.

ALEXANDER WOMAN'S CLUB MET WEDNESDAY
The Alexander Woman's club held a meeting Wednesday afternoon at the home of Mrs. O. E. Ryan south of Alexander. This was the meeting which was postponed from a week ago. There was a large attendance and an interesting program was carried out. The members responded to roll call by giving a brief account of some current event.

The program included a paper by Mrs. Joseph Zellar on "A Sudden Freeze," and one by Mrs. E. E. Mason, whose topic was "Deep Snows." Mrs. C. M. Strawn gave a review of "Barriers Burned Away."

A social hour followed the program and at this time the hostess served delightful refreshments. The next regular meeting of the club will be on Wednesday, Dec. 14, at the home of Mrs. Nathan Carpenter.

INSTALL SHINING STAND
Hopper & Sons' shoe store have inaugurated a new department. The establishment now boasts of a shoe shining stand in the company of two expert colored boys. It is up to the Hopper standard of service, shines were free yesterday to everyone, so that the quality of the shines could be learned. Needless to say the experts were rushed, but they gave fine work in spite of this handicap.

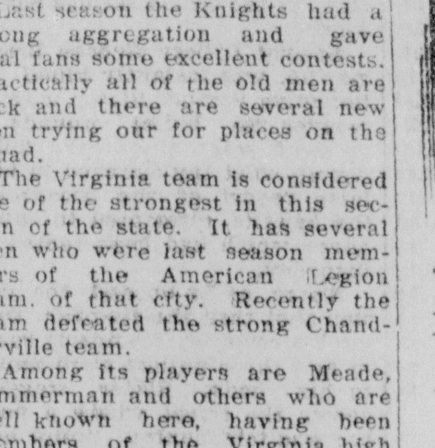

This is a department which the shoe store has long needed, and like everything else in the store, is thoroughly competent and modern.

OAK HILL SCHOOL ATTENDANCE
The following pupils were neither absent nor tardy during the month of November:

FRESH DECLINES IN

PRICE OF WHEAT

By Associated Press.
CHICAGO, Dec. 7.—Fresh de-
clines in the price of wheat took
place today largely as a result of
lack of demand for cash wheat.
The market closed unsettled 1c to
1 1/2¢ lower with May \$1.11 1/2
to \$1.11 1/4 and July \$1.01 to
\$1.01 1/4. Corn finished 1/2¢ off
to 1¢ advance, oats unchanged to
1/2¢ down and provisions un-
changed to a setback of 10c.

Weakness in the wheat mar-
ket was especially noticeable in
the last half of the day when
selling of future deliveries became
general because of the cash trade,
situation red wheat premiums
here being 5 to 7c lower and a car
of No. 1 Northern selling at 10c
over December as against 17c
premium the last previous sale.
Meanwhile Kansas mills were re-
ported to be selling their cash
wheat because of the poor quality
of flour trade and Minneapolis mills
were represented as selling De-
cember wheat at Kansas City.

Such news had a discouraging
effect on hog, corn and they
underlain in competition with ph-
bers. Talk of a big bank fail-
ure in South Germany counted
also as a depressing factor. Word
of some export business at the
Gulf of Mexico appeared to count
but little as an offset. Profit-
taking by shorts, however, gave
the market something of a rally
at the last.

Corn was relatively firm to ex-
port demand here and at rural
points as well.

Oats were dull and inclined to
sag with wheat.

Packers selling of lard weak-
ened the provision market after
slight upturn had resulted from
strength in hog values.

COACH HARMON TO ATTEND CONFERENCE

Coach W. T. Harmon of Illinois college will attend the annual meeting of coaches of the conference, this Friday.

The football championship will be awarded at this time if it is possible to pick the champion. The irregularities of schedule of the conference, which played games outside the conference may make it hard to choose the winner. Lake Forest will probably make application for membership at the meeting. This college allowed its membership to lapse a year ago.

The matter of the annual bas-

ketball tournament will be taken up and may be voted out. The time and place of the annual field and track meet is usually decided and the next year's football schedule made at these meetings.

DEBATERS OF J. H. S. HELD OPEN MEETING

Large Audience Heard Program at High School Wednesday Evening—Debate and Extemporaneous Speeches Included in Program.

The open meeting program of the High school debating society was given before a well-filled auditorium, Wednesday night. The regular order of program was followed and the members had made no special preparation for the event but had invited the public to see what they were doing.

The first number was a reading by Miss Lavinia Scott. Two extemporaneous speeches by Caroline and Lee Baldwin came next. Miss Doane talked on the "Three Percent Immigration" question and Lee Baldwin on the "Situation in Russia." They were given fifteen minutes to assemble their material for their speeches.

The debate was "Resolved that all nations should have limitation of armament by international agreement." The affirmative, taken by Harry Furry and Miss Lavinia Scott, was awarded the decision. Mary Sim and Lee Baldwin upheld the negative of the question.

The judges were from Illinois college, one from Sigma Pi society, one from Phi Alpha, and one Freshman member of the debating class, Bernard Frazer, Lane Thompson and Mr. Forman. Miss Emma Mae Leonard is faculty coach of the society at the High school.

The members of the society were much pleased at the interest shown by the town people as evidenced by the large attendance.

W. H. GOVERT DIES AT HOME IN QUINCY

Citizen Prominent There For Many Years—Spent Student Days in This City.

Information of the death of Hon. William H. Govert of Quincy was received here Wednesday by his grandson, George Govert, a student at Illinois college and Arthur H. Vannier, a nephew. As a boy Mr. Govert was resident in the Neeleyville neighborhood. In after years he was a student at Illinois college, graduating in the class of 1867, and most of the mature years of his life had been spent in Quincy.

Mr. Govert took his law course at the University of Michigan and shortly afterward was admitted to the bar. He began the practice of law in partnership with Joseph N. Carter and continued his law work until the later years of his life. Mr. Govert served as city attorney of Quincy and as state's attorney of Adams county, and attained a wide reputation as a lawyer of unusual ability. He was particularly active in business and was actively identified with the organization of several of the larger manufacturing concerns of Quincy. He was prominently identified with the banking interests of the city.

Mr. Govert was 78 years of age, and had not been well for the past two or three weeks and relatives and friends realized that he was not in rugged health.

The deceased is survived by his wife, who was Miss Rosa Wood of this city, two daughters and one son, Mrs. Edith Castle, 123 South 24th street; Mrs. Anna E.hardt, 1616 Vermont street, and George W. Govert, all resident in Quincy. He leaves also a half sister and brother, Mrs. George Vannier and Richard Vannier of Neeleyville.

The funeral will be held Saturday morning and George Govert will leave for Quincy tomorrow afternoon to attend the service. A. H. Vannier of this city and other relatives from Neeleyville are also expected to be present.

What Kind of a Day Do You Wish Yourself?

Suppose you could make a wish at the breakfast table and finally have the wish come true. Would you say,

"I want this to be a good day," or—

"I'm willing for this day to drag along?"

If you keep on wishing your days with the food you eat, finally the wish is likely to come true.

Grape-Nuts helps your wish for a good day. Nothing miraculous; just the natural result from right food with the right taste.

There is a charm of flavor

And Grape-Nuts, with cream or milk, is fully nourishing—feeding the tissues and glands, the bone and blood, with just those elements which nature requires—building strength without any "heavinesses."

Grape-Nuts is the perfected goodness of wheat and malted barley, scientifically developed—ready to eat from the package.

A Grape-Nuts breakfast or lunch is a practical wish for good luck.
